Dear Bill:

We too were surprised by receiving your Dx letter. To Date You Hold our record for Furthest Reception.

Our Station is An Adult Contemporary Type AOR Station. We Play a vast variety of music from urban contemporary to Rock and ^{back to} Soft Ballads. Our Exact frequency is 1330 kHz. and operate a day time station with a predaylight power of 500 watts, A Daytime Power of 5000 watts and lastly A Post sunset Power (75) watts - (which According to A new F.C.C. movement to rule on a Night time coverage ~~for~~ All class III day timers will soon be our night time power) which for us will be a great deal, since the Area under 75 watts covers 30 million people.

Enclosed with this letter will be a coverage map and a bumper sticker. Our studio's are located in Northbrook Ill. with transmitters and towers on the site. We have four towers - which make us highly Directional East.
